AN ANSWER DESIRED BY NOV. 28. an eminent medical teacher.

Twenty Millions Sum Proposed-Island Ports to Be Open Doors-One of the Carolines to Be Acquired-Religious Liberty Required In Others.

Paris, Nov. 22.—The United States peace commissioners undoubtedly made joint conference opened Judge Day, adcolleagues of the Spanish commission, recurred to the protracted negotiations and reaffirmed the desire of the American commissioners to reach an amicable conclusion. Then handing the American presentation to the interpreter Judge Day concluded his remarks by saving that the Americans, preferring not to break the armistice or to resum hostilities, had determined to present another and final proposition, which he hoped would lead to a speedy and ami-

cable adjustment. That portion of the presentation setting forth the new proposal, the pro-posal that the United States must have possession of the entire Philippine ar-chipelago, with a tender of \$20,000,000 situation displeased Agonello, and, for a treaty cession of the islands, was then read. Without betraying their the Filipinos have loyally and effecmental attitude, the Spanish commissioners suggested an adjournment until

The new proposition, with its collaterals, was embodied toward the end of the American memorandum, which the Spaniards, find his error when it is filled 30 typewritten sheets. Only this too late.

The Americans declared the United States must have the entire Philippine archipelago and for a treaty cession of the interest the islands the Americans tendered to

It was further declared that it was the purpose of the United States to maintain the Philippine islands as an "open door" to the world's commerce.

On the terms named the United States proposed a mutual relinquishment o all claims for indemnity, national o personal, subsequent to the outbreak of the last Cuban insurrection.

Nov. 28 was fixed as the date or which the United States commission desires a dedutte response to the propositions and all other subjects in issue

It was also declared that the United States desired to treat on the religious freedom of the Caroline islands, as agreed upon between the Umited States and Spain in 1886, and also of the acquisition of one of the Caroline islands for an American naval station and of cable landing rights at other places in Span ish jurisdiction and the revival of cer tain Spanish-American treaties as here-

The Americans also refused to arbitrate article 3 of the peace protocol bearing upon the future disposition and control of the Philippine islands.

This was rejected by the American commissioners on the ground that the diction of the third article of the pro-tocol, dealing with the Philippines, i so broad and clear as to afford no justi fication for arbitration as between the parties to the agreement.

An analysis of the American memshows that all the other sug gestions and considerations in it hinge upon treaty cess on, at the amount named by the United States and within one week. In the event of cession Spain may enjoy for a term of 12 years, commerce in the Philippines equal to those of the United States. If the United States acquire the islands by conquest, Spain may not enjoy such

Should Spain refuse cession she would remain hable for indemnity claims, national and individual, since the outbreak of the last Cuban insurrection. Should she refuse, she would also lose, probably, as further indemnity for the expenses of conquest, one of the Carolines, which she may now sell; and other cable privileges within Spanish jurisdiction might be taken by the United States without any relation to

Spain for them. The Spaniards doubtless did not know whether they would accept or reject the American terms. They were telegraphing the substance of the telegraphing the substance of the American memorandum to Madrid and they expect to reply at Wednesday's

Possibly they may conclude that because one money offer is made another and larger offer may follow pressure upon the American commissioners.

But if this be their expectation it will not be realized. The American terms, submitted almost at the close of eight weeks of patient hearing and painstaking argument, are a practical ulti-

For Sufferers From Piles.

Dr. Redmond, a specialist in the study He Wants the Government to Keep the and treatment of piles and rectal diseases, recently stated that the Pyramid Pile Cure, the new discovery for the cure of piles, was the most remarkable remedy he had ever seen or tried in one reect; and that was the instant relief experienced in all cases, no matter how severe, from the moment the remedy was applied. This was more surprising to him because he had carefully analyzed the preparation and no trace of opium, ocaine or similar poisons could be detreted.

Physicians look with great favor upon Pyramid Pile Cure, b-cause it is rapidly taking the place of surgical operations and because it is so simple, so easily applied and contains no mineral or other poisons so commonly used in cures. Dr. Estherbrook reports that the Py

ramid Pile Cure not only cures the various forms of piles, but never fails to give immediate relief on the first appli cation, no matter how severe the pain or di-comfort may be.

People who have suffered from piles for years are often astonished at the intant relief experienced from the first application. Another important advantage is the fact that anyone can use the remedy without detention from business or int-rierence with daily occupation Sold by druggists at 50 cents freight near Toledo. Grand Jury Found Three Bills, at Philadelphia.

HAYWOOD ALSO HELD FOR TRIAL.

The Attachments Against Bank Cashiers Stone and Montgomery Dropped, but They Must Appear as Witnesses-What the Five Indictments Charge.

PHILADELPHIA, Nov. 22.-Five true bills of indictment were returned by the grand jury against United States Senator M. S. Quay, his son Richard R. Quay and ex-State Treasurer Benjaconspiracy with John S. Hopkins, former cashier of the defunct People's bank, to unlawfully use the funds of that institution.

The attachment proceedings against Cashier William Montgomery of the Allegheny National bank and Cashier Steven B. Stone of the Beaver Deposit bank were discontinued on motion of District Attorney Graham. ham stated to the court that he had desired to present to the grand jury, through these two cashiers, certain evidence in the action against Senator Quay and others, but as this matter had now passed out of the hands of the grand jury their presence would not be needed until the case was brought to trial. He iutimated that he would then demand their appearance as witnesses, and would also insist upon the production of certain books and papers of these

The first two indictments charge Senator Quay with conspiracy with Hopkins, who killed himself last March, to fraudulently use the money of the People's bank in the purchase and sale of stock in various corporations, for the account, benefit and advantage of Quay to unlawfully buy and sell stock through Hopkins, Quay knowing that Hopkins was cashier of the People's bank.

The third bill charges Haywood and the two Quays with conspiracy to convert to their own use \$100,000 of the commonwealth of Pennsylvania's moneys on Dec. 1, 1896, when Haywood was state treasurer, and also with the use of that sun

The fourth bill charges Senator Quay and Haywood with conspiracy with Hopkins, Wilham Livsey, William B. Hart, Henry K. Boyer, John W. Morrison, Samuel M. Jackson and Charles H. McKee on March 22, 1898, to unlawfully use certain large sums of public moneys deposited in the People's bank by the several state treasurers, and that they did use these moneys for their own state treasurers, succeeding each other

The last bill charges Haywood, as state treasurer, with unlawfully loaning \$100,000 of state money which, it is alleged, went to Richard R. Quay; and also with receiving pecuniary benefit from the deposit of state funds in the

Senator Quay and his son Richard reached this city from San Lucie, Fla., where they had been for the past week.
